30 EXPLANATION

31 The inclusion of this explanation does not constitute agreement with
32 the explanation's substance by the members of the general assembly.

33 This bill provides for the future repeal of the beverage
34 containers control program, commonly referred to as the "bottle
35 bill", and makes appropriations to certain funds.

1 Under current law, when a distributor sells beverages in
2 eligible containers to a dealer, the distributor adds 5 cents
3 per eligible container to the sale price. When a dealer sells
4 beverages in eligible containers to a consumer, the dealer
5 charges the 5-cent deposit on each beverage container. A
6 consumer can take eligible beverage containers to a dealer,
7 dealer agent, or redemption center and receive a 5-cent
8 refund for every eligible beverage container that the consumer
9 returns. A distributor collects eligible containers from a
10 dealer, dealer agent, or redemption center, at which time
11 the distributor pays the dealer, dealer agent, or redemption
12 center 5 cents per eligible container plus a handling fee of an
13 additional 1 cent per empty container.

14 On July 1, 2024, the bill strikes the provision of the
15 beverage containers control program that requires a dealer to
16 charge a consumer the refund value for each beverage container.
17 The provisions of the program that allow a consumer to return
18 beverage containers in exchange for the refund value and that
19 allow a dealer or a person operating a redemption center to
20 return beverage containers to a distributor in exchange for
21 the refund value and handling fee are repealed on September 1,
22 2024.

23 On a monthly basis beginning July 1, 2021, unpaid refund
24 value shall be credited to the treasurer of state. Ninety
25 percent of the unpaid refund value shall be deposited in
26 the unpaid refunds recycling fund, which is created by
27 the bill in the state treasury under the control of the
28 environmental protection commission. Moneys in the fund shall
29 be administered by the commission and shall be allocated for
30 purposes relating to recycling systems and education as part
31 of the unpaid refunds recycling grant program. The remaining
32 10 percent of unpaid refund value shall be deposited in the
33 shelter assistance fund administered by the Iowa finance
34 authority.

35 In the event that a dealer, dealer agent, or redemption

1 center lawfully accepts beverage containers and returns refund
2 value to consumers prior to September 1, 2024, in an amount
3 that exceeds the amount a distributor has available due to
4 unpaid refund value being previously credited to the treasurer
5 of state, the distributor shall accept the beverage containers
6 and pay the refund value and handling fee. The distributor may
7 then submit receipts to the department of natural resources
8 showing the discrepancy. The commission shall issue a refund
9 in the amount of the discrepancy. The distributor shall not
10 include the handling fee when demonstrating a discrepancy.

11 The sections of the bill relating to the distribution of
12 unpaid refund value, establishing the unpaid refunds recycling
13 grant program and unpaid refunds recycling fund, and amending
14 the shelter assistance fund are repealed October 1, 2024. The
15 bill amends various Code provisions to conform with changes
16 to the beverage containers control program as changes to the
17 program become effective.
